

Submitter: Louise Nardi

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB3196

HB 3196 Environmental Quality Commission EQC

I respectfully urge a vote of NO on HB 3196

Climate change is a natural occurrence and goes through cycles as does every living creature on this earth.

Setting up another commission is just another bureaucratic organization that we did not vote for. It is another bureaucratic agency that will dictate rules that we did not vote for and put another tax burden upon us.

We have witnessed an immense lack in transparency and communication in our government and HB 3196 is just another tactic to impose the green new deal upon us.

Please vote NO on HB 3196.
