

Submitter: David Wall  
On Behalf Of: Mr Oregon Supports SB 443  
Committee: Senate Committee On Energy and Environment  
Measure: SB443

I SUPPORT [SB 443].

Senior citizens, relying on medical equipment requiring electrical power, will be comforted with the Enrollment of [SB 443].

Rural folks who have water wells will also need a back-up power source,

This form of Legislation should have occurred many years ago.

Good Job Senator Hayden!

David S. Wall  
Mr. Oregon Conkurs.
