

Submitter: David Wall
On Behalf Of: Mr Oregon is Neutral on SB 443
Committee: Senate Committee On Energy and Environment
Measure: SB444

I am NEUTRAL on [SB 444].

I support recycling than most people and I strongly support ZERO WASTE.

Oregon, from a recycling point of view, is a Podunk backwater of environmental shame.

[SB 444] is a good idea but, needs to be rewritten to ensure the Grant program cannot be corrupted.

Still, Good Job Senator Hayden!

ZERO WASTE is the only way to go.

David S. Wall
Mr. Oregon Concurs.
