

Submitter: JIM FRUITT TRUCKING FRUITT TRUCKING

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure: SB803

If passed this bill would put our company out of business. We have been a family owned business since 1977 and with the cost of new equipment, FET tax on new equipment and the high interest rates now, we cannot afford to purchase all new equipment to satisfy the bill proposed. We oppose this bill strongly.
