Measure: SB422

I am a motorcyclist who has lived in Oregon my whole life, and I support SB422. It's a win-win for all citizens and for government. Multiple studies have proven it is safer for motorcyclists to travel between lanes than risk being rear-ended in stopped traffic. As an added bonus, it increases the capacity of the roads without increasing their physical size and incentivizes myself and others to use a more fuel-efficient mode of transportation. Please pass SB422 into law!
