Committee: Senate Committee On Energy and Environment

Measure: SB803

Chair Janeen Sollman

Vice-Chair Lynn Findley

Members of the Senate Committee on Energy and Environment

I urge you to vote NO on SB 803, the bill to phase out petroleum based diesel beginning in 2026.

I feel this is a “cart before the horse” bill. We don’t currently have the capacity to fuel all our diesel vehicles with renewable fuel and we don’t have a guarantee there will be adequate supply by the time the bill takes effect.

I am not opposed to renewable fuel. I am, however, opposed to shoe-horning a bill in when we are not ready for it. Let’s get our horse out in front of the cart on this one until we are ready.

Thank you,

Ron Kutch
