Committee: Senate Committee On Judiciary
Measure: SB519

I am opposed to any legislation that protects criminals and puts citizens at risk of being victimized by criminals. I do not think sealing conviction records or reducing time served is in the interest of reducing crime and protecting citizens, and age of the criminal does not matter in the goal of reduced crime and protection of citizens. The number 1 job of government is protection of its citizens. Criminals need prevented access to the citizens to do that. I do not think SB 519 helps prevent victimization of the citizens at the hands of criminals.
