Measure: HB2984

With the shortage of housing happening in so many areas in Oregon, this bill seems like a no-brainer. Finding areas that have already been paved over and are inside the urban growth boundary to repurpose for housing should be a top priority! Whenever I see a rarely used shopping center being turned into housing, especially high density housing, I celebrate. Unlike how I mourn seeing arable farmlands and open spaces being gobbled up for development. Please pass this bill.
