Measure: HB3152

Oregon resident for over 12 years. This state has been a great state. Four years ago everything has went down hill. There's nearly a bill for every think that makes daily living harder here. If you're a good citizen, work, pay your taxes you are somehow at a disadvantage. I guess we are penalized for not taking a subsidy from the local government that crashes our great state. Fully do not support this horrible and terrible bill.
