

Submitter: Mya Pham

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB422

Lane splitting is a good option. It mitigates the potential for rear end collisions. It gets the rider to the front of the line where he/she can accelerate away from the traffic at the next start. It keeps the traffic closer as there is no need to keep space for a motorcycle stopped in line. It costs the larger vehicles no time in their journey whatsoever.
