

Submitter: Linda Ingalls

On Behalf Of:

Committee: Joint Committee On Semiconductors

Measure: SB4

I am against the development of Landon Farms into a semi conductor chip plant

I would like you to withdraw Wilsonville from Section B of SB4

That is a golf course, and beautiful farmland, and does not need to be made into a chip plant! In addition, the worst traffic on all of I-5 from Canada to California is on the Boone Bridge. Traffic would be increased in that area.

No chip plant on French Prairie Reserve!!!
