

Submitter: Gary Moore

On Behalf Of:

Committee: Senate Committee On Natural Resources

Measure: SB85

Senate Committee on Natural Resources and all Representatives of Oregon,

I am in opposition of SB85.

Reading this Bill over it makes no sense.

The definition of CAFO would apply to any large farming operation. The supporters of this bill do not understand farming operations or how much this would impact the food chain. Food prices are high now, this bill affects beef, pork, dairy, chickens, laying hens, turkeys, ducks, milk, cheese, eggs and all the by-products.

Voting in favor of this Bill is not responsible or sustainable.
