

Submitter: SHEILA MCKELVIE

On Behalf Of:

Committee: Senate Committee On Natural Resources

Measure: SB85

To members,

I Oppose SB85 due to impact it will have to the food supply of Oregon and the livelihoods of many farmers and ranchers. Once they are driven from this state there will be no bringing them back, there is already a shortage of young farmers and ranchers to take the place of retiring food providers. This is a STUPID bill!

Respectfully

Sheila McKelvie
