

Submitter: Joan Shook

On Behalf Of:

Committee: Senate Committee On Natural Resources

Measure: SB85

Our family lives, loves, and worships in the Jordan area of Scio. We are not farmers nor do we have children at Lourdes. However, I love our community, I love my property, I love the fresh mornings and the starry clean evenings, the creeks to wade in, the fact that my daughters can run amuck on our property and not worry about asthma attacks. I have a daughter with severe COPD, and I am thankful that God chose Jordan for her to be born and raised, and where she intends to live for the rest of her life. Please don't allow the mega farm factories to come and ruin our quality of life. SB 85 preserves the status quo AND preserves our quality of life.

Thank you for your help in supporting SB 85.
