

My name is Kari Stubbert, and I am a graduate student in Clinical Mental Health Counseling at Bushnell University in Eugene, Oregon. As a new clinician and as an individual that hopes to own their own private practice someday, I am writing to ask you to pass HB2455.

Please end the abusive practice of insurance companies using audits as an income stream. Counselors deserve to know what is expected in audits so they can know how to document to pass them. As a professional, I strive for accuracy, transparency, and clarity in record keeping. Insurance companies should be held to a similar standard, and limits should be placed on audits so that providers do not have to live in fear by simply taking insurance. Passing this bill will increase access to care in our state. Thank you.

Respectfully,
-Kari Stubbert
