

Submitter: Gary Haga

On Behalf Of:

Committee: Senate Committee On Labor and Business

Measure: SB1038

Our Fairgrounds are in real need of repairs and our buildings are old and we lost part of the roof on our 4-H Horse Barn with the strong winds this winter. Some of our buildings are used all year long by our community. If we were able to access funds, we could cover our rodeo arena for year round access and rental income to support our fairgrounds. Everybody in our county comes to our fair and rodeo. It is a large social event for multi generations to enjoy together. It's a tradition. We are a small poor county and could really use extra revenue to support the infrastructure upgrades and repairs. Our community needs to have this venue for years to come.

Gary Haga- Coos County Fair Board Member
