Measure: HB3240

Concerning HB 3240

I strongly oppose this Bill.

HB 3240 will only make it easier for fraud with the nameless food stamp cards. There needs to be a way to verify that a card is stolen.

Instead of this bill, HB 3240, how about a bill to protect the holders of the cards and the tax payers of Oregon? How about adding a pin like we do for our debit cards? The State of Oregon needs to have a way to track fraud and prosecute it.
