Measure: HB2869

I recently earned a degree (my third) in Gerontology. I have a 93-year old mother, a 100 year-old mother-in-law and I myself am in my 60s (with my first beloved grandchild). Advocacy is desperately needed in every fabric of a senior's life, as the population swells, and support and services dwindle. Ageism is the last bastion of discrimination. If we are lucky, we, too, will walk in the shoes of the elderly.
