

Submitter: Elaine Lavington

On Behalf Of:

Committee: Senate Committee On Human Services

Measure: SB241

I am writing in support of SB 241. It is entirely appropriate to require that persons, such as described in the bill's text, be required to apply for assistance from federal programs prior to or in addition to seeking assistance from local and state agencies. Federal departments such as HUD and HHS have well funded programs that should be relied on and be prioritized above using scarce local and state assistance programs.
