Committee: Senate Committee On Energy and Environment

Measure: SB803

I oppose any and all Bills that impose limits and/or regulations of any type on diesel-fuel usage. Diesel engines and all of us who depend on them should be free to operate without government involvement. Any regulations that you impose now will be accompanied by more regulations later, and ultimately will result in making the use of diesel illegal. This will cause immeasurable damage to the working-class in our economy. Leave diesel alone!
