Committee: Senate Committee On Human Services

Measure: SB241

I partially amazed that the policy recommended in Bill 241 is not already being practiced. It makes so much common sense, that I can't understand why anyone would oppose making sure all available Federal funds to needy Oregonians are allocated first, before using state of Oregon money and resources. I wholeheartedly support SB 241 also because we also don't want either Federal or State funds to be wasted needlessly. Thank you.
