

Submitter: Walt Mintkeski

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure: SB803

Chair Sollman and Members of the Committee,

I strongly support SB 803 which would gradually phase out fossil diesel in Oregon while still allowing for renewable fuels to power our economy.

Contrary to what the fossil fuel industry says, It will not ban all diesel in the state, nor will it destroy the economy or put rural Oregon out of business.

We have less than three years to ensure a smooth transition from obsolete fossil diesel to fuels which can serve as a bridge to zero-emission transportation. I urge your support of this critical legislation!

Thank you for the opportunity to submit testimony.
