

Submitter: Joana Kirchhoff
On Behalf Of: Portland Raging Grannies
Committee: Senate Committee On Education
Measure: SB854

We support the passage of this bill. There is no time to hesitate- there hasn't been time for the past 50 years!

Including climate change curriculum into all state educational programs provides students with the information they will need in the coming, more fraught , years of climate change

Many school districts have developed an implemented curriculum that can be state wide. The curriculum is written, best practices have been developed! There is no reason to hesitate.

Thank you. Joana
