

Submitter: Lyn Jacobs

On Behalf Of:

Committee: House Committee On Education

Measure: HB3198

As a family physician who sees children from birth and through their struggles in school support for reading is absolutely vital. It must be provided to all children in their first language and then in a bilingual format. Supporting parents, medical providers, teachers, daycare providers and anyone who touches a child's life is vital. I support HB 3198.
