

Submitter: Jeffrey Barden

On Behalf Of:

Committee: House Committee On Rules

Measure: HB2004

Please help ensure that our community remains civil and united. In this time of fragmented media and political tension, I can think of few events that would be worse for our democracy than having a leader elected with less than half of the vote, especially in cases where the winner never would have received more than half of the vote because other candidates split the vote. Thank you.
