

Submitter: DEBORAH SIMPKINS RIMMER

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3294

I, Deborah Simpkins Rimmer, am a survivor of the Jim Crow South in the state of Louisiana. Because of my father and mother's civil rights activities with their good friend the Rev. Dr. Martin Luther King, numerous crosses were burned on our lawn, dead cats and rabbits degutted, placed at our front door, and finally our home was bombed whereupon we were forced to leave with just the clothes on our back in the early 1960s. Please remove this archaic and evil covenant from the deed to this home, so that the civil rights struggle of both black and white people will not have been in vain.
