

Submitter: Wolf Krebs

On Behalf Of:

Committee: Senate Committee On Natural Resources

Measure: SB85

I own a small sheep farm in Sweet Home Oregon. I am a retired veterinarian. I urge you to vote in favor of SB 85.

Factory farms as defined in SB 85 have an enormous impact on the environment and on the way agriculture is organized. They need to be strictly regulated by the government.

Sweet Home, March 10, 2023

Wolf Krebs, Dr. med vet.
