On Behalf Of:  
Committee:                 House Committee On Judiciary  
Measure:                    HB3345

I support HB 3345.

Due to the trauma sex crimes, victims need time to heal and come to terms of their hurt and pain.

I am in full support of extending statute of limitations for resolve and betterment of well being for the victim.

Thank you for your consideration,
