RE: Support Statewide Ranked Choice Voting, HB 2004  
House Committee on Rules  
<DATE>

Chair Fahey, Vice Chair Breese-Iverson, Vice Chair Kropf, and members of the House Committee on Rules,

My name is <name> and I live in <city of residence>. I am writing to testify in strong support for HB 2004, which will establish ranked choice voting statewide and help ensure all Oregonians are represented in our democracy.

In our current elections, candidates in crowded races are consistently winning with less than a majority. Over half of statewide and federal races with more than two candidates won with narrow support in Oregon's 2020 and 2022 primaries[1], leaving voters feeling like their vote didn't count and unable to fully express their preferences. Fear of splitting the vote creates barriers for candidates to run and leads to voter cynicism. It's clear that our elections aren't serving voters or candidates as best as they could. Ranked choice voting is a simple improvement to our elections that will lead to more reflective elected bodies for Oregonians from every community. Many voters including myself are tired of having two bad choices to make. With ranked choice voters will no longer worry about "throwing away," a vote, for a candidate that they are not passionately wanting to support but who they believe can garner more votes. The way that the voting system is currently set up favors only those who can raise and prostitute their position to corporate oligarch special interest donors.

I am not alone in my support of this bill. This legislation is supported by a coalition of over 30 organizations, including culturally-specific organizations, labor unions, environmental groups, housing advocates, rural communities, youth-empowering organizations, and good government groups.

Ranked choice voting is a proven solution and Oregon's next step as a leader in election reform. Please support HB 2004 and pass it out of committee.

Thank you,
