Measure: HB3214

I strongly support this bill. We are animals just the same as any other animal, and all animals deserve to be free and not used in things like circuses. There is no difference between enslaving a lion or elephant etc. and forcing them to do tricks, and doing that to a human. These animals have the ability to feel trauma and pain, to grieve and feel depression, and to understand that they are being controlled or harmed. This injustice must end.
