

Submitter: Molly Hartenberger

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB3248

My family has been riding all over Oregon state for most of my life. We have recently moved to La Pine to access more riding. Passing this bill would be a huge benefit for many towns in Oregon who are very rural. These vehicles are used for farming and work along with recreation. The passing of this bill would benefit many towns and businesses with the tourism it brings. I fully support this bill. I hope we follow in the steps of many other states we travel to. Montana, Wyoming, Utah, Arizona
