

Submitter: John Kringlen
On Behalf Of:
Committee: Joint Committee On Transportation
Measure: HB3248

To All that this may concern.

My name is John Kringlen, and I firmly support this Ballot measure. For the farmers and ranchers alone, this would take away a major burden. Going from field to field checking cattle or water can be done much quicker once off of the main roads. Utv's can go through the fields much quicker than a pickup.

I have ridden in Arizona, around Salome (about two hours south west of Phoenix) where ohv's are road legal. The ease of getting in their sxs and cruising right from home to ride was fantastic. For most people, their sxs will use less gas than their vehicles they use to haul them. For those of us who live just a few miles from riding access, this will be a huge benefit.

Thank you for your time and consideration in support for this bill.
