

Submitter: Karen Sjogren

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3213

Please support this measure, which would disallow sale of cosmetics in Oregon tested for safety on animals. There is no need or legal requirement for cosmetics to be tested on animals, and most are not. This bill will allow me as a consumer to know that my purchase of shampoo or deodorant did not indirectly cause suffering of animals. Thank you.
