Measure: HB2004

One citizen, One vote. I OPPOSE this proposal of ranked choice voting, because it will reduce voter turnout. Why? Because voters will be discouraged, knowing their vote doesn't count. The complexity of this scheme will discourage and disenfranchise voters.

No one should be "ranking" our votes, each vote is worth the same as another. We need to go back to in person voting, with voter ID. No more mail in, no fancy schemes where those who tally decide to win. Let the actual votes determine who won.

Please join me in opposing this rigged scheme.
