

Submitter: Linore Blackstone
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB3214

Well, if all of you who will determine whether this bill passes were to see the beings in the cages and the cruelty involved in the "display" of these sentient and beautiful beings, you might decide that HB3214 needs to pass.

Act with integrity. We humans have targeted and used and brutalized wild beings long enough. What is your ethic?
