Committee: House Committee On Rules

Measure: HB2004

I am fully in support of HB 2004 because it puts more power in the hands of voters and helps ensure that candidates who have the broadest support in the community get elected. It also would prevent the need to waste time, public funds, and energy on runoff elections should there be contested / close results. It's time we make this important change.

Thank you for your consideration,

Andrew Land
