

Submitter: Susan E Yraguen

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB3152

I highly Oppose this bill. This bill is far-reaching.

I firmly stand for freedom of choice in how I will heat my home. I have always had multiple sources of power incase of outages.

The possibility of power outages is far more real than the Scare tactic of green house gas emissions.

Oregon's Government seems to continue to ignore the people's voice for freedom of choice and independence.
