Seante Committee On Health Care

The name of your committee is exactly appropriate for how I want people in Oregon to be taken Care. Reading the information, I am filled with concern for people whose health has failed to a deteriorating status and yet they cannot really do anything to relieve the pain. Please pass the appropriately named "Compassionate Medical Release Reform SB520. That is who I want Oregon to be - compassionate appropriately. Reading the situations for so many at this stage of their incarceration is very agonizing for a co-Oregonian. I am proud that this legislation is in front of the Senate now. I spent time in meetings with many prisoners who were set for their release. I heard what life can be like inside the prison.

Please pass SB 520!

Sincerely,. Jean Eilers
