Kelly Richardson
Certified Social Work Associate
Portland, Oregon

Chair Nosse and Members of the House Committee of Behavioral
Health and Health Care:

My name is Kelly Richardson, and I am a Certified Social Work Associate therapist working in a group practice in Portland, Oregon. I have been a counselor and therapist for 17 years. I support this bill. Insurance audits are a burden and contribute to burnout and high stress and get in the way of my ability to provide care to clients.

I am asking the Committee to pass HB 2455.

Sincerely,
Kelly Richardson, Certified Social Work Associate
