Measure: SB923

A vote of NO is needed for SB 923

SB 923 limits school choice for parents and students. Instead of limiting school choice maybe we should be more concerned with quality education since Oregon ranks at the bottom in 49th place.

Governor Brown passed legislation that students do not need to be proficient in reading, writing, and math. Is it any wonder parents are looking for a quality education that we are all paying for with our tax dollars?

Furthermore, what is the emergency? Emergencies are not predetermined. How can you declare an emergency to exist and this 2023 Act will take effect July 1, 2023. This is a sham! Once again, this is the government declaring itself as all knowing and taking away our God-given individual rights.
