Measure: HB2680

The one time fee is a very bad idea. I only charge an application fee once I actually run an applicant and I only charge double my cost (\$30 - Cost me \$15) for an application fee which no where nearly covers my time to run an application so If I am unable to charge them again in the next 6 months for potential multiple applications fees I will be paying out of my pocket for this person to apply. If this passes I will be forced to charge as much as I am legally allowed in order to protect myself. This will penalize every applicant because of the unqualified person that doesn't want to pay multiple fees.
