

Submitter: Rebecca Fisher

On Behalf Of:

Committee: Senate Committee On Natural Resources

Measure: SB85

I support SB 85 because I know the potential harm factory farming may cause animals as far as cruel practices, as well as how potentially harmful factory farming can be on the environment as a whole and on the land and communities surrounding the farms. I am from Iowa, I was previously employed by a factory farm, and I know firsthand that factory farms left unchecked may cause harm to animals and the environment.
