

Submitter: Amanda Christopher

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2665

I am opposed to the cap on health care in Oregon. One being that I work there but also because I've seen the crisis that it has been in over the last few years. Since COVID it hasn't gotten any better. The nurses and CNAs are working so short staffed that people are quitting instead of jeopardizing their lives and bodies being beat down in order to get the work load done in the allotted time. If nothing else keeping the salary open is the only thing that is keeping these facilities and hospitals afloat.
