Committee: House Committee On Judiciary  
Measure: HB2345

I am lending support to SB 2345 to applaud the DOC for on-going evaluation and tweaking of disciplinary measures. Like the LWV, I have no clue if 14 days is the magic number. I only remember that putting my children in "time-out" was not effective by itself. A punitive measure without re-direction is not helpful or successful for adults either. Please support SB 2345 to help the Oregon Department of CORRECTIONS live up to its name.

Thank you for listening.
