

Submitter: Nina Council
On Behalf Of: HB 3213
Committee: House Committee On Judiciary
Measure: HB3213

Stop unnecessary animal suffering by banning the sale of animal tested cosmetics in Oregon. The animals most abused are rabbits, mice, rats and guinea pigs who are tested with cosmetics such as lipstick, deodorant and shampoo. Cosmetics companies do not need to test their products on animals, today there are good alternative methods used. There are new safer ingredients companies can use, Currently there are around 50 alternative tests available and more are being developed. There are more than 1,000 cosmetics brands in North America that have committed not to test final products, formulations, or ingredients on animals, this is progress, but there is far more work to do to ban all testing on all animals completely. Stop all the horrid abuses. Support HB 3213 to promote a more humane world.
