

Submitter: Will Hollingsworth

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB847

I'm writing to voice my strong support for SB 847. This bill makes several small, but meaningful changes to support greater housing supply in Oregon. Our ability to produce housing quickly and affordably has suffered from a thousand small cuts, and this bill continues the legislature's efforts to bandage and repair those cuts. It should be passed.
