

Submitter: Margaret Dykast

On Behalf Of:

Committee: Senate Committee On Natural Resources

Measure: SB85

Chair Golden and members of the committee,
I am Margaret Dykast. My husband and I farm 260 acres of annual ryegrass on a farm he grew up on. We live about 12 miles from the proposed site. Many of our friends and family live much closer. Every summer, many people, including us, play in the creek that runs near the proposed site. A school is less than a mile away. I am concerned about air and water quality, and the quality of life for people making their home and their living in this beautiful location.
I am here to show my support for SB85.
