Measure: HB2004

I strongly oppose ranked choice voting. This disenfranchises the voter by making it confusing to vote. Not only confusing, but you would not be able to determine the winner for weeks and weeks! It takes away 'one person one vote." Our election system has never been this way and elections are for ONE person not two. This could also place a second place winner into the winner's column. How will audits be performed?? Once again, Oregon is going down the wrong road in ensuring safe and transparent elections!
