

Submitter: Cindy Tobiasson

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3214

I oppose HB 3214 - prohibiting people from using specified types of animals in traveling animal acts.

This is an overreach of control and, if passed, will only be a slippery slope targeting other businesses and events involving animals. Next, they will try to control or shut down AKC/dog shows, rodeos, horse racing, fishing derbies, dairies, hunting, ranchers, etc. Are they going to try and control or shut down all these activities - where does it stop?

Please vote against HB3214 and set a precedent that this overreach is not acceptable and will not be tolerated.

Sincerely,

Cindy Tobiasson
