House Committee on Rules

March 15, 2023

Chair Fahey, Vice Chair Breese-Iverson, Vice Chair Kropf, and members of the House Committee on Rules,

My name is Ian Dudley and I live in Ashland. I am writing to testify in strong support for HB 2004, which will establish ranked choice voting statewide and help ensure all Oregonians are represented in our democracy.

In our current elections, candidates in crowded races are consistently winning with less than a majority. Over half of statewide and federal races with more than two candidates won with narrow support in Oregon's 2020 and 2022 primaries, leaving voters feeling like their vote didn't count and unable to fully express their preferences. Fear of splitting the vote creates barriers for candidates to run and leads to voter cynicism. It's clear that our elections aren't serving voters or candidates as best as they could. Ranked choice voting is a simple improvement to our elections that will lead to more reflective elected bodies for Oregonians from every community.

The passage of this bill will give voters the chance to cast ballots in a non-binary way for the first time in Oregon's history. Candidates will need to adjust their campaign strategies to be more civil and less inflammatory. And most importantly, the entire election process will increase constituent representation and buy-in to our democratic values. This bill will make all Oregonians stronger in the long run, and you representatives of the people know that to be true.

I am not alone in my support of this bill. This legislation is supported by a coalition of over 35 organizations, including culturally-specific organizations, labor unions, environmental groups, housing advocates, rural communities, youth-empowering organizations, and good government groups.

Ranked choice voting is a proven solution and Oregon's next step as a leader in election reform. Please support HB 2004 and pass it out of committee.

Thank you,
